Shadow Animals

When the sun is shining bright,
Animals and shadows take flight.
See the bunny hop along,
Its shadow joins in with a song.

(Chorus)
Shadows here, shadows there,
Animals dancing everywhere.
In the light, watch them play,
Shadows follow all the way.

See the horse run in the field,
Its shadow gallops, never yields.
A bird flies high up in the sky,
With a shadow soaring by.

(Chorus)
Shadows here, shadows there,
Animals dancing everywhere.
In the light, watch them play,
Shadows follow all the way.

There is a cat with a shadow tail,
Watch it swish and never fail.
A duck waddles by the pond,
Its shadow quacks and moves beyond.

(Chorus)
Shadows here, shadows there,
Animals dancing everywhere.
In the light, watch them play,
Shadows follow all the way.

When the day turns into night,
Shadows fade out of sight.
But in the morning, they return,
With more dances for us to learn.

(Chorus)
Shadows here, shadows there,
Animals dancing everywhere.
In the light, watch them play,
Shadows follow all the way.

7. Now, create a Shadows Show about legends or fables of the community.

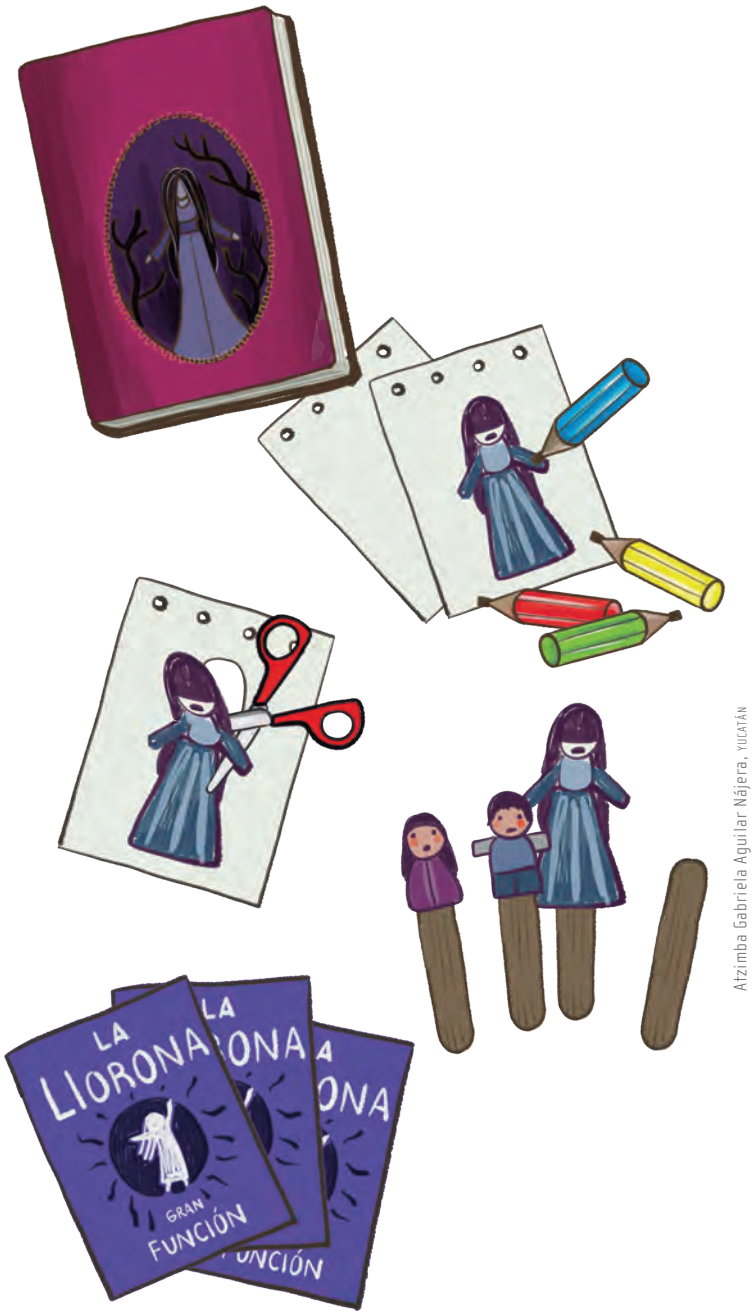

Materials

- Colored pencils
- Sheets of paper
- Wood sticks
- Glue
- Blunt tip scissors
- Lamp

Procedure

1. Ask your teacher about legends or fables of the community.
2. Draw some characters from the legend.
3. Cut them out with the help of your teacher or family.
4. Glue them on the wooden sticks.
5. With the help of your teacher or family, make a shadow projector with the lamp.

a) In small communities, prepare some invitations to share at school.
