1. In communities, look for pictures of a person, an animal, and an object in a magazine.
   a) Take turns to choose the picture and ask a classmate what the person, animal, or object in your picture has.
      - Remember to use the correct pronoun (he, she, or it) when you answer the question.
      - Every member of the communities must ask and answer a question.

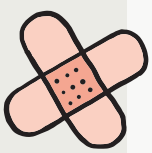

For example:
Student A: Does the girl have a pencil?
Student B: Yes, she does!

2. Now, choose a picture of your favorite character, animal, or object. Your classmates must guess who or what it is. Remember to use the correct pronoun (he, she, or it).

For example:
Student A: He has a crown.
Student B: Is he a king?
Student A: Yes, he's a king!
